

ENCAMPMENT SECURITY GUIDE

Shifts are for 8 hours. See schedule for your Stake's assignment. Security personnel should be in good physical condition and be able to move about for the 8 hour shift.

Each shift consists of one supervisor (Hayden Lake Stake) and 8 security personnel deployed at various areas around the camp.

- | | |
|--------|---|
| Area 1 | Main gate |
| Area 2 | Parking lot and camp Sunrise |
| Area 3 | Carbon Lodge, Finch Lodge and swimming area |

Security personnel's transportation to and from deployments, when needed, will be supplied by the shift supervisor.

Stake Representatives briefing will be held at 2:00 PM on Monday Aug. 6, 2018 at the encampment Security Headquarters. It will last no longer than 60 minutes. Each Stake must have at least 1 representative at this meeting.

Shift briefings will be held 30 minutes before each shift and will be held at the encampment Security headquarters. Those assigned for the shift must attend and will be deployed from there.

Each person reporting for shift should have a small backpack to carry supplied information and other things like water bottle, snacks, flashlight, radio, etc. Those assigned night shifts (4pm to 12am and 12am to 8am) must bring their own flashlight. The encampment will supply extra batteries, if needed (D, AA, AAA).

Radios and identification vests will be provided.

The purpose of the security personnel is to:

- Keep participants and personal property safe
- Keep Scout Camp property safe
- Keep local private property safe

WE ARE NOT LAW ENFORCEMENT PERSONNEL!

If an incident occurs, attempt to determine who is involved and which Stake they are from. For most incidents, security will simply notify the appropriate Stake leadership.
